Extracted Concepts & Definitions

Concepts

Concept / Entity	AI Synthesis & Description
Machine Learning	A subset of AI that learns from data & makes predictions.

Algorithms

Concept / Entity	AI Synthesis & Description
Neural Network	Layers of connected nodes with weights.

Methods

Concept / Entity	AI Synthesis & Description
Gradient Descent	Minimizes loss by iteratively moving in the steepest descent direction.

Knowledge Graph Connections

Source Entity	Relationship	Target Entity	Confidence
Machine Learning	USES	Neural Network	90%
Neural Network	TRAINS	Gradient Descent	80%
